LinkedIn: www.linkedin.com/in/asqasim

Motivated web developer with a strong passion for learning new technologies and advancing skills in data science. Committed to helping businesses establish a compelling online presence through affordable and high-quality digital solutions. Eager to contribute to innovative projects and collaborate with teams that value creativity and excellence.

RELEVANT SKILLS:

- SQL, Power Bi
- Python, C++
- HTML, CSS, JS
- 3D Animation & Modeling
- Game Development (Blender Game Engine)
- MS Office (Access, Excel, Word, Power Point)
- Leadership and teamwork

Academic Projects:

Topic: System of Equations and their types

Sep 2023-March 2024

- I successfully completed the project with PSF as part of their STFS program, under the supervision of Dr. Shumaila Javeed, Assistant Professor at Comsat University Islamabad.
- I completed a small research project on system of equations. In this research thesis I mainly focused on the types of system of equations and explained the graphical methods for finding solutions of system of equations.

Objectives:

- I am eager to learn new technologies and expand my knowledge in data science to enhance my skills further.
- As a web developer, my goal is to help new businesses establish their online presence affordably, while ensuring ease of use and high quality.

EDUCATION:

Punjab University College of Information Technology / Lahore, Pakistan
B.S. Data Science

Sep 2024-
